

# Report on Arsenic Compliance Actions

August 9, 2017

Submitted by John Rowden, Interim General Manager

## **Arsenic Compliance Level.**

The last reported sample at the compliance point was on July 6, 2017 and showed that the arsenic level at the compliance point was 10 ppb.

Samples taken on July 6, 2017 showed the level at Well 1B at 7 ppb and the level at Well 2 at 16 ppb.

## **Remediation Project Development**

State Revolving Fund Loan. The District has received the Planning loan package from the State Water Resources Control Board. The loan amount is \$350,000. The term of the loan is five years, but can be rolled into a longer term construction loan from the SRF.

Facility Location. The Board narrowed the options for locating the facility down to two properties owned by the PECSD, 200 Lundy Lane and 208 Lundy Lane. Upon approval of one of the two sites, the Board will be asked to approve contracting for the Design of the facility.
