

## Chief's Report – Jul 2019

### Call Reports and Training

#### Calls:

3 Fire calls. 2 MVA's, 1 Med

### Personnel Actions and Activities

Personnel: 11 Active members.

Firefighter Muster is scheduled for Sat – Aug 17.

### Evacuation plan. Fire Apparatus & Equipment

The Evac group continues to meet. Further status can be obtained from either Steve Janovick or John Rowden.

### 9122 Replacement

The purchase has been approved by the board and pickup of the engine at Mather scheduled for 13 Aug. There is a significant amount of work needed to get the replacement engine in service. i.e. unloading of equipment from 9122 to the replacement, OES logo's and numbers removed and PEFD logo's and numbers added, radio reconfiguration, engineer training/familiarization on the replacement, etc. The equipment not reloaded will be surplus. Once all the equipment on 9122 is removed the engine can be sold or donated.

### Plumas County Fire Chiefs Association Actions

Next meeting is in September.

### Department administrative activities, actions budget and insurance

Nothing to report.

### EMS

July was busy with CPR trainings and EMR and EMT skill sign offs. While volunteering may be down across the country, there are those that continue to recertify on their own time and of their own accord to be able to continue to serve Plumas county residents. Amazing people, all!

The muster is the 17th, and Ryan Nowling has another practice for his PEFD team! The awards are done and in hand ( donated by John Steffanic), and the T-shirts printed are picked up(donated by Denise at Sierra Promotions). At least four teams will be participating on August 17th at 3pm at the fairgrounds. Come if you can!

There is a list compiled for local resources, and it is available on medical calls (on 9153) and at the CSD office.
